SBPCOE III Summit 2k16

Industry Institute Interaction Summit

SPVP’s,
S B Patil College of Engineering — Indapur, Dist: Pune - 413106
T: 9422336455 DD: 9503103641 E: vitthal.jagtap@spvp.edu.in
Glance @ SBPCOE:

- SBPCOE is an AICTE approved Engineering college. It's one of best emerging engineering institute in S P Pune University. It's a premier professional establishment that has carved a niche for itself in the field of technical education in a very short span of time. Education at SBPCOE is a synergy of various innovative techniques while offering quality training education to the students.
- The Institute has been offering undergraduate Engineering Courses in the various branches such as Electronics & telecommunication Engineering, Computer Engineering, Civil Engineering, Mechanical engineering and Electrical Engineering.

Objective of III Industry institute Interaction summit 2016:

- We would like to bring together professionals from industry on one platform to share their experiences and knowledge on the best way to address the issue of unemployable, in a pertinent and systematic manner which will empower the industry with efficient manpower.
- Integrate employ-ability of fresher engineer.
- Student’s awareness about present and future industry trends.
- To enlighten the students on expectation of industry from them and help institutions create a conducive environment to make students employable
- To cultivate the strong links with industry
- To bring about MOU’S and Agreements with various industrial and research organizations in different fields and sectors to promote various forms of interactions
About SBPCOE:

SBPCOE's mission is to increase capacity for sustainable development in the rural region through educational programs and advanced research. The Undergraduate Program and Post Graduate contributes to this mission by educating a new generation of graduates to have the skills and knowledge necessary to pursue successful life-long careers in the practice and application of engineering. Technical knowledge is only one aspect of an engineer's career development. What the ideal undergraduate experience can do besides providing a strong technical foundation is to prepare its graduates fully for the realities they will face in industry by exposing them to real world problems and industrial settings as early and often as possible. At SBPCOE, We strive to give every student that exposure.

SBPCOE aims at providing an enjoyable learning experience to its students throughout their entire tenure in the college. In addition to their academics, students can participate in a wide variety of extracurricular activities in the field of arts & sports, and will receive institutional support to excel in those, at both learning as well as competitive stages.
To build a sustainable partnership with industry for the mutual benefits of Industry and students, S B Patil College of Engineering, Indapur, Pune organized an Industry Institute Interaction summit 2k16 on Wednesday, 13th Jan 2016. The objective of this event was to bridge the gap between Industry expectations and student’s skills required for their successful career in industry.

The program started industry delegate’s interaction with college trustee Miss.
